Q CELLS G10 375_W GAPPLESS MONO MODULE
WHITE BACKSHEET **CLEARANCE
STOCK**

These 375W panels come with a strong selection of attractive features, notably QCells' **Q.ANTUM DUO Z**

technology which delivers a module efficiency of up to 21.5%.

Key features:

- Q.ANTUM DUO Z: this technology combines with DUO cell separation, using round connecting wires and zero-gap cell interconnection to ensure a higher power generation
- Innovative all-weather technology: optimal yields, whatever the weather and excellent low-light and temperature behaviour
- Enduring high performance: long-term yield security with Anti-LID technology, Anti-PID technology, Hot-Spot Protect, and Traceable Quality Tra.Q
- Extreme weather rating: high-tech alloy frame, certified for 5400Pa snow loads and 4000Pa wind loads
- Guaranteed quality: Q CELLS is the first solar module manufacturer to pass the most comprehensive quality programme in the industry, the new “Quality Controlled PV” of the independent certification institute TÜV Rheinland

Specifications:

- Peak power W_p 375W
- Voltage at peak power V_{mp} : 34.69V
- Max open circuit voltage V_{oc} : 41.30V
- Current at peak power I_{mp} : 10.81A
- Max short circuit current I_{sc} : 11.34A
- Weight: 19.9kg
- Dimensions: 1717 x 1045 x 32mm
- Warranty on output: 25 years
- Product warranty: 12 years
- Panels per pallet: 33
